Ordered That the Collectors of County Rates be required to make a return to a Justice of the Peace of all delinquents on or before the 15<sup>th</sup> day of November in each year. That the Collectors shall return their Rolls to the Councilors for their respective districts with satisfactory explanations of all sums not collected thereon by warrant or otherwise on or before the 31<sup>st</sup> day of December in each year, and any Collector failing to comply with (etre?) above orders shall be fined in a sum not exceeding \$40 and not less than \$10

Ordered That all the Public Accounts for the payment of which it may be necessary to assess the County shall hereafter be filed with the Clerk of the Municipality together with the necessary vouchers, five days before the first day of the annual meeting of Council of each year, and the consideration of all accounts not so filed shall be deferred until the following year.

Ordered That the Overseers of the Poor for the (several?) Districts in the County, within 20 days after the expiration of their office, render to the Clerk of the Municipality their accounts, together with the necessary vouchers, for the disbursements of the poor within the respective districts, to be laid before the Council in their half yearly meeting in May Term, now next ensuing, for the purposes of being audited, examined and passed.

Ordered That the Court will not enter upon the consideration of any petition unless the party, or some one of the parties subscribing, or some duly authorized persons be in attendance to give such information as the Court may think necessary to enable it to arrive at a proper decision.

Ordered That the Statute Labour instructions be issued this year by the Councilor of each respective section on the 1<sup>st</sup> Monday of April.

At such places as shall hereafter be notified by Handbills, and that the Surveyors of Highways be particular in calling for such Instructions on the day so appointed.

Ordered That all persons applying for their private Statute Labour, have their application recommended by the Councilor for the District in which the Petitioner resides, and as a general rule this privilege will not be extended to the same person for two years in succession. –

That hereafter the Justice or Justices ordering the removal of any insane persons to the Lunatic Asylum, do at the time of such order notify the Clerk of the Municipality of the name, residence, and financial circumstances of such insane persons, or their friends liable for their support, and that the charges for certifying and conveying such insane persons to the Asylum shall be as follows –

All of which is respectfully submitted

Sgd. John R. McDonald  
Chairman

Council met this Thursday Morning 22. January 1880 at 10 o'clock A.M.

Pursuant to adjournment Minutes of yesterday's proceedings read and adopted.

Roll duly called, one Councilor absent.

Councilor to make Bye Laws and recommend amendment to Act of Incorporation, Daniel Hockin, John McDougall, Jeffrey McColl, Robt. McNeil and D. Collin, with liberty to employ a Lawyer to draw up the necessary papers, Resolved that the Committee on Bye Laws report at our May meeting.

Whereas it appears there has been a difference of opinion held by the Assessors of this County regarding the Assessing Notes of land and other securities,

while some few Assessors have Assessed Notes of hand and others have not therefore

Resolved that all Assessors be requested to make a return of all amounts assessed to Notes of Land debentures and other securities together with names of the persons Assessed for the same to the Councilor of their respective Districts and the same to be forwarded to the Clerk of the Municipality within ten days from date of rising of this Court. And struck off their several amounts of assessment for this year.

Whereas the County Assessment Act is very indefinite in reference to personal property and requires to have some explanatory Legislation.

And whereas the system under which the Assessment is made does not tend to equalize the Assessment Rolls in the several districts of the County.

Therefore resolved that the Legislation be requested to so amend the County Assessment Act that each late payer shall assess himself by a system of schedule or otherwise and also define what is personal property.

Names being called for by Councilor McColl, the names of the Votes stand as follows, In favor of resolution.

Councillors McHardy, McColl, Grant, McRae, Collic, McDonald, J. R. McKay, A. J. Bannerman, McKenzie, Meikle, 10 against resolution McNeil, Fraser, McMillan, McGillivray, Nm. McLeod, McDonald, Highwell, Fraser, H. S. McDougall, McGillivray, McBeth & McGillivray, Andrew and the Warden 13 ~ Councillor Alex McKay declined to vote.

Resolution lost

Whereas a Railway has been built from New Glasgow Eastward to the County line and the lands through which it runs has been taken from the proprietors in accordance with orders from the Chief Justice and for which they have not yet got paid, and whereas the (Custos?) of the County did at the several stages of the proceedings for the taking of said lands under such order enter his protest against such proceedings on behalf of the County, theirs showing that the County never recognized its liability – to pay for such lands.

Committee to make Bye Laws and recommend amendments to that of Incorporations, Daniel Hockins, John McDougall, Jeffery McColl, Robt McNeil and D. Collin, with liberty to employ a Lawyer to draw up the necessary papers. Resolved that the Committee on Bye Laws report at our May meeting.

Whereas it appears there has been a difference of opinion held by the Assessors of this County regarding the Assessing Notes of land and other securities, while some fear Assessors have Assessed Notes of land and others have not therefore, Resolved

that all Assessors be requested to make a return of all amounts assessed for Notes of Land debentures and other securities together with the names of the persons assessed for the same to the Councilor of their respective Districts and the same to be forwarded to the Clerk of the Municipality – within ten days from date of rising of this Court. And struck off this several amounts of assessments for this year.

Whereas the County Assessment Act is very indefinite in reference to personal property and requires to have some explanatory Legislation.

And whereas the System under which the assessment is made does and whereas the (Custos?) of the County did further in accordance with such order of the Chief Justice issue debentures or acknowledgements of the indebtedness of the County for such lands taken by such order under protest-

An whereas parties whom lands were taken for such rail Road and who received these debentures negotiated them with other parties who are now claiming payment for them, the term of payment being August 1879.

And whereas the question as to who has a right to pay the damages for these lands is now before the Supreme Court and may not be decided for sometime, and the holders of these debentures have no right to be placed to (inconvenience?) and perhaps (distracts?) on the account of the slow movement of the Courts of Justice and whereas these debentures or rather these damages for Land for eastern extensions will eventually have to be paid by someone.

Therefore resolved that the Local Government be Communicated with for the purpose of seeing if some arrangements cannot be made by which these damages for Land taken for Railway purposes may be paid at once and by which all parties may agree (that is the Local Government, the owners of the eastern Extension Railway, and the County of Pictou) to be governed by the decision of the Courts, passed unanimously.

Resolved that the Committee on Bye Laws report at our May Meeting.

Resolved that any amendments asked to be made to the County Incorporations Act will be decided in Council at this meeting.

Resolved that the wardens salary be \$50.- a year, Councilors pay be one dollar per day & tracking fees 5 cents per mile going and returning as the law decides –

Adjourned to 2 o'clock P.M. Council met at 2 o'clock P.M. Thursday 22-january 1880 pursuant to adjournment.

Resolved that letter read from J.F. McDonald Kopewell respecting nuisances & on highways be referred to Com. on Bye Laws Given back to Councilor McDonald. Adjourned till tomorrow Friday at 10 o'clock P.M.

Council met this Friday morning 23<sup>rd</sup> January at 10, o'clock A.M.  
Pursuant to Adjournment.

Minutes of yesterdays proceedings read and adopted. Read letter from A.C. Bell W.P.P. asking reliable statement of numbers of Miles of Roads and numbers of Bridges in the County.

Ordered that the letter be handed to Committee on Roads and Bridges “handed to chairman”.

Roll called, Councilors all Present. Resolved that the nominations for Councilors to be made on the Tuesday one week before the Election before 10, o'clock A.M. and if only one be nominated, he be considered Elected.

Report of Committee on License  
Read and Adopted

Your Committee in taking up the petition for license to sell intoxicating drinks find that the petition in behalf of David W. (Kilehan?) River John has 177 names to it. The number of ratepayers on Elected Roll Section No 3 for the year 1878 is 287- 2/3 of which gives 191 which is 14 in excess of the number of names to said petitions.

The joint petition of Mrs. Sarah Will and others from Electoral District No 14 had 224 signatures attached. The ratepayers exclusive of Mining and other Companies on Rate Roll 343-2/3 of which is 229 which is 5 in excess of number to her petition.

The joint petition of William Fraser and others District No 14 has 204 signatures Number of Rate payers as above 343 2/3 which is 229- 25 in excess of the number of names to his petition.

A supplementary number of 10 names was asked to be attached to the Wills petition.

A respectfully signed petition from Victoria Lodge T.O.G.T. and other friends of temperance praying that no license be granted to sell (Shiretown?) Liquor for (Vetachore?), was placed before your committee having 151 names to it. Councilor Hudson asked that Rev. Miss Dunn and Cumming be heard before the Comm. In behalf of petition from Victoria Lodge et'al.

This remarks and suggestions may be summarized something as follows- That the friends of Temperance in this District did not know until late hour that petitions for license would be presented to the M. Council at this sitting.

That they had no time to call a public meeting to discuss the matter of license and respectfully ask the Council to defer if practicable such discussion on liquor license until your May Gen Meeting. To enable ratepayers to ascertain the mind of the majority upon the matter. Your Comm. Is informed that the names were obtained in support of Petitions for license and different representations, in one case under the presentment that the petition was to access the services of a Police Constable in another that license was asked for a house of entertainment for the (trading price?) where no liquor would be sold over the Bar, and that others signed contract knowing that the object, as the paper to which they signed their names had no heading.

Besides we find the same name affixed twice to the same petition certified from the same locality , where so far as your Comm. Knows there is but one ratepayer of that Names.

Also that drunkenness is becoming so (prudent?), that the street is disgusting by day, dangerous by night, the sober without protection, making the immediate forming of Stellarton into a Police district an (impastion?) necessity.

Returns are from 3 only of the Clerks of License for the County Gus Sanders No 23 Nelson Sutherland No 3&4 and James McRae Nos 1.2.5.6.7.8.9.10 & 11.

From John A. Campbell No 13.14 & 15 no return, from A.G. Grant No 16 & 17 no return from, Thomas Madison No 18 no return, from J.D. Murray Nos 19 & 20 no return from Nm C. Olding Nos 21.22. &24 no returns.

No return from the appointed Liquor Agents for the County.

Your Comm. Would beg to recommend that a Bye Law presiding the form of license to be granted to Book and other canvassers, (peddlers?), hawkers of goods, show men, and others who are not certified ratepayers within the Province, and the fees that should be charged for each and any of such license be submitted to the Comm. On Byelaws or law amendments and Action taken therein.

Although your Committee took up and (reported?) on (Palitins?) of legion License it is proper to state that none of them were in the hands of the Clerk at or before the time prescribed by Law- Therefore your Committee would employ- actually recommend that no liquor License be granted, and that Clerks of License who forward no return be taught this (decision?).

All of which is respectfully submitted

Report of Committee on roads & Bridges read and adopted as amended by giving 2 days instead of 3 for distributing Statute Labor instructions.

The Committee on Roads and Bridges, by laws to report as follows.  
We have carefully examined all the Road Returns handed to us for that purpose of which a large number were imperfectly filled up- many made no returns of labor done in the column for that purpose hence we could not ascertain what work if any had been done.

No 108. 395. 349. 418 no account of labor done ,  
-141 Expended \$10.35 over rights by commutation  
-311 part of labor not performed  
-318 (Mr. ?) Minco no account of expenditures as the law directs  
-432 Showing commutation paid but no account of Expenditures  
-434 To be returned to Overseer for correction  
-546 Incorrect 2 days labor not accounted for  
returns from Street Commissioners.

Stellarton sent back for correction

There are 579 Road Sections in the County of which go made no return a list of which is herewith submitted.

In reference to Statute labor Returns your Committee would recommend that Overseers who have made no returns be prosecuted as the law directs, and that the Clerk of the Council be instructed to receive no returns from Overseers of Roads till properly filled in.

Your Committee would also recommend that the Overseers of No 171 be paid ten Dollars expended on Road between Haliburton Bridge and the three mile House said amount was granted last July by General Assessors .  
We recommend that said sum be paid to said overseers on his rendering a sworn account as the law directs.

The Committee would recommend that the first Saturday of March be appointed as the day on which the Overseers of Highways will meet the Councilors in the several districts to receive their Statute labor instructions.

And that the Clerk of the Council notify the overseers in the several districts of the place or places at which they are to meet the Councilors or other persons by them appointed for such purpose.

Such notification to be by handbills distributed in the several districts or otherwise as the Council may direct.

We further recommend that the Councilors for each district have the power given them by the Council to appoint a Justice of the Peace or any other suitable person who may act his deputy in the distributions of the Statute labor instructions. And the (approaching?) the Statute labor and receive the returns and instruct the surveyors in filling them up properly and the expenditures of commutation money and in making out the accounts thereof. The Councilor to be responsible for the acts of his deputy. The said deputy is so appointed by the Councilor to have three days of his Statute labor remitted for such service is done to the satisfaction of the Councilor for the Polling District. It will also be the duty of such person so appointed by the Councilor to instruct the Surveyors of Highways when and how to perform the Statute labor, and to report to the Councilor of the district any delinquencies or neglect of duty on the part of the overseers of Roads in the Polling Districts that may come under his observation or be brought to his notice.

The foregoing are merely recommended as a temporary arrangement for the Currant year, or till the Bye Laws on this branch of the public services be made and passed.

Your Committee beg to say that this important branch of the Public Services of the County is in a most unsatisfactory state, and that a large percentage of the Statute labor is lost through the neglect and careless manners in which the Surveyors discharge their duty, and that a thorough revision of the whole service is absolutely demanded.

That the communication may be (incused?) and that property assessed in the names of persons over sixty years of age be liable to statute labor tax- said persons to be exempt from Poll tax statute labor only.

That the County be divided into Road districts to be under the supervision of competent persons appointed by the Council, who will act as Committee to lay out Roads and expand the public monies.

But as this part of the duty of your committee requires mature consideration we would beg to be allowed to report more fully on this Branch of the public service, at the May meeting of your Council.

All of which is respectfully submitted

Sections No 3.15.20 & 22 have made no returns and we recommend they be dealt with as the Law directs-

We would recommend that the Collectors of County Rates be required to make a return to a justice of the Peace of all delinquent on or before the 15 day of November in each year, also that the Collectors shall return their Rolls to their Councilors in their respective districts with satisfactory explanations of all sums not collected thereon by warrant or otherwise on or before the Thirty-first day of December in each year, and all Collectors failing to comply with the above shall be fined a sum not exceeding 40.- and not less than 10.-

And we further recommend that the two assessors appointed for each Electoral district shall hold office for two years with the exception that at the end of the first year, the first named on the List shall go out of office and a new assessor shall be appointed in his stead.

And at the end of the second year, the first named on the list, having served two years, shall go out and a new Assessor shall be appointed in his stead, provided always that such outgoing Assessor shall be eligible for reappointment.

And we further recommend that such Assessors in Assessing their respective districts shall travel separately, one taking one half of the District, and the other the other half, and after taking an account of all the assessable property within their district, and all persons liable to taxation.

Shall meet, make up, and add their rolls, and have them returned to the Clerk of the Municipality at least ten days before the Meeting of Council in January, and all Assessors failing to make such return within the time above specified shall be liable to a penalty not exceeding \$40.- and not less than \$10.-

And we further recommend that the following sums shall be allowed as compensation for Assessing each Electoral District.
