“Whereas it is desirable that a market building be erected on the old Market Square in the Town of Pictou, and a country market thereon.

And whereas by Chapter 100, of the acts of the Legislature of Nova Scotia passed in 1891, the Municipality of Pictou County is authorized to convey said Market Square to the Town of Pictou upon condition that the said Town shall erect a Market Building and Market thereon, subject to such terms and regulations as may be agreed on by the Warden of the County and the Mayor of said Town.

Be it therefore resolved that the sum of \$1000 be assessed upon the Municipality of the County of Pictou outside of the incorporated Towns; namely the sum of \$500 in the year 1893, and the sum of \$500 in the year 1894, for the erection of a Market house in the Town of Pictou for the purpose aforesaid, provided the said Town shall erect upon said square a suitable market building costing not less than two thousand five hundred dollars exclusive of the value of the site, and shall erect the same under the supervision and to the approval of the Warden of the Municipality and of such persons as he may select as Inspectors; but no part of the said sum shall be paid to the said Town unless the said town shall duly fulfill and perform all the conditions specified in the second Section of said Act, and shall accept the conveyance mentioned therein, in accordance with the meaning of said Act; and provided also that if any rights or privileges pertaining to trade within the town now exercised by persons residing within the bounds of the Municipality shall hereafter be restricted or interfered with by the Town or Town Council or at their instance then the town shall repay the said sum to the Municipality with interest at 4 per cent.”

The resolution was seconded by Clr. Alex. Fraser, and discussed by Clrs. Colin Fraser, John Ferguson, John D. McQueen, the Warden, John D. Fraser, and James Kitchin. On motion the resolution was amended by providing for the assessment of the amount in 1893 and 1894, instead of in 1892 and 1893. The matter was further discussed by Clrs. J.W. Fraser, and J.D. Fraser and passed, subject in all respects to the Act passed last winter respecting the Pictou Market.

On motion of Clr. Kitchin, seconded by Clr. A.J. McKay it was ordered that Revisal Section 2, hereafter include Polling Sections 3, 4 and 26.

Moved by Clr. Kitchin, seconded by Clr. Alex. Fraser, that the Legislature be requested to pass an Act to legalize the Assessment and Collector’s Rolls as made out for the old Sections 2 and 3 for 1892.

***Report of the Committee on Public Property***  
*Court House, Pictou, January Term, 1892*  
*To the Warden and Councillors of the Municipality of Pictou Co.*

GENTLEMEN,- Your Committee on Public Property , after having made their investigations for the year, beg leave to report that we have visited the difference public buildings owned by this county, and find them generally in a satisfactory condition. First on visiting the Asylum, we found it in very good order, the building being well painted and cleaned, both inside and out. Since the last meeting of Council, the Commissioners have had a building erected on the farm, to be used as a root cellar; this we approve of, as in our opinion it was something much required. The only matter in which we would offer a suggestion is, that the ventilation of the building in which the patients are confined, might be a little better than it is at present.

Second,- The Jail is in every respect, so far as we can see, satisfactory to the county, and creditable to the Sheriff and our jailor. It has been painted in a thorough manner by the prisoners confined therein, at a very slight cost to us, and is now in a condition that we may point to it as an institution that is a credit to this county.

Third,- That the County Building in which are situated the offices of Clerk, Treasurer, and others, we find in a satisfactory condition, only requiring some slight repairs. That will be attended to at once by the Commissioners of Public property.

Fourth. - The Jail at Westville requires some painting and repairs which will be attended to by the Commissioners.

Fifth. - The Sheriff of this County has made your Committee an offer of fifty dollars for the stone wall around the old jail lot, and this we would recommend for your consideration.

Signed, John W. Smith  
John Ferguson

On motion the Report was received and was discussed by Clrs. Smith, Ferguson, Kitchin, J.W. Fraser, and the Warden, and on motion the Report was laid on the table till tomorrow at 10.30 a.m.

Clr. Ferguson read the following.

***Report of the Committee on Licenses.***  
*Court House, Pictou, Jany. Term, 1892.*  
*To the Warden and Municipal Council:*

1. We your Committee on License beg to report that we have examined the returns of Mr. Wm. Smith, one of the inspectors of License under the Scott Act for the County. We find that he collected fines amounting to \$168.15 during last year; that he has also collected from old fines the sum of \$110. Balance due the County at last Annual report was \$22.18, making in all \$300.33. We find he paid out in Magistrates courts as costs the sum of \$151.86; Attorneys and others fees \$128.25, total costs \$280.11, which shows

a balance in the Inspector's hands of \$20.22, within \$2.00 of the same balance of last year. He reports a fine against John Evans of \$50.00 and costs of appeal \$19.72, which he says will be collected before very long.

We also find another fine against John Evans for \$50.00 and costs, and another fine against Mrs. E Evans for \$100, which when collected will be to the County's credit.

2. We have also examined the returns of Mr. Thomas Madden of Westville, another Inspector under the Scott Act. We find that has collected from fines the sum of \$450, that he has paid out in Magistrate courts, Attorneys fees, \$C., the sum of \$458.18, leaving a balance due Mr. Madden of \$8.68. There is a fine of \$50.00 and costs to which he expects to get before many days. There is also another fine indisposed of \$50.00, which he expects to collect.

Mr. Madden has tried thirty-nine suits and won twenty-five cases. He states that he has closed ten liquor saloons. There are four petitions or recommendations for the re-appointment of Mr. Madden to the office of Inspector of License.

3. In view of the fact that these Inspectors have received no remuneration for their services, we would recommend that Mr. Smith and Mr. Madden be allowed to retain the sum of \$50.00 each out of the first moneys coming into their hands from fines.
4. We recommend that Mr. William Smith of New Glasgow, Mr. Thomas Madden of Westville, and Mr. Robt. Sutherland of River John be re-appointed Inspectors under the Scott Act.
5. We further recommend that peddlers and hawkers of goods, not freeholders, pay an annual license fee as follows:-

A traveler on foot with pack.....	\$5.00
A single horse team.....	10.00
A double horse team.....	20.00

And that any person found violating these rules be fined double the amount of the license fee. That the Clerk and Warden be appointed a Committee to frame a suitable by-law on this matter and have it submitted to the Governor in Council for ratification at its first sitting. We would also recommend that the parties named as persons to distribute Statute Labor Instructions in their several Polling Sections to Overseers of roads, be the issuers of those licenses; that the issuers of those licenses be allowed to retain ten per cent of the amount collected; that the issuers of those licenses make a semi-annual return to the Council.

6. There was a petition from Mr. Alex. Fraser, asking for an Auctioneer's license in this Municipality, but we think the prayer of the petition should be deferred until the by-law regulating Auctioneers and Peddlers be obtained.

On motion the Report of the Committee was received and was discussed by Clrs. J.D. Fraser, J.D. McQueen, Kitchin, and the Warden. On motion to adopt the Report, Clr. Campbell called attention to the petition of the inhabitants of Lyon's Brook. Sec.7, for a grant for hay scales at Logan's Tannery. Clr. Kitchin stated that the Committee could not recommend the granting of the petition. Clr. Campbell then moved in amendment, the following resolution, seconded by H.S. Fraser:-

"That the petitioners of Lyon's Brook, and surrounding districts be granted the sum of \$100 by this Council to erect a scale for the weighing of hay and coal in accordance with the foregoing petition."

The amendment was discussed by Cars. J.D. Fraser, A.J. McKay, Alex. Fraser, and was defeated on division, and the motion to adopt the Report was carried.

Clr. Kitchen read the following;

***Report of the Commissioners of the County Asylum.***  
***Report of the Commissioners for the Pictou County Asylum for the year Ending***  
***Dec. 31, 1891***  
***To the Municipal Council, County of Pictou, Jany. Term, 1892***

The Commissioners of the Pictou Co. Asylum beg to submit the following report for the year ending Dec. 31<sup>st</sup> 1891.

The number of patients in the Asylum on the 31<sup>st</sup>. Dec. 1890 was:

Insane.....65  
Poor..... 23  
Total..... 88

Of the Insane, 6 were discharged, 10 died and 14 admitted.

Of the Poor, 3 were removed, 3 died, and 5 admitted during the past year.

There are at present in the Asylum:

	Males	Females	Total
Insane	34	29	63
Poor	13	9	22

---

The following is an abstract of the Financial Statement.

Dr.		
By last year's report the balance due by the Asylum 31 <sup>st</sup> Dec. 1890 was		\$12280.26
Total expenditures in 1891		11206.14
		\$23486.40
Cr.		

The receipts were as follows:

For supporting the poor	\$1219.85	
For supporting insane	113.50	
Farm produce sold	127.78	
Sundries:	20.01	
From Co. Treasurer	7500.00	8981.23
Balance due by Asylum, Dec. 31, 1891	\$14505.16	

Of the above balance \$8505.16 is due the Merchant's Bank of Halifax, for which we are paying 6 percent interest, and \$6000 due private parties, interest at 5 per cent.

The following calculation is submitted; showing the cost per head per week for the past year of all patients cared for.

Total expenditure	\$11206.14	
Deduct farm produce sold	\$127.78	
Sundries	20.01	
Permanent Improvements	2043.09	\$2190.88
Nett Cost		9015.26

The aggregate time of all patients cared for was 4463 weeks, showing cost per head per week to be \$2.02.

The following is submitted to show the actual cost of maintaining the Asylum after deducting receipts from Poor Sections and all other sources/

Total Expenditure	\$11206.14	
Deduct Farm Produce		
Sold	127.78	
Sundries	20.01	
Receipts from Poor Secs.		
Less \$344.38		
Credit last year		
\$1219.95    \$344.38	875.57	
Due by Poor Sections	569.81	
Rec'd for support of		
Insane	113.50	

Permanent Improve- ments	\$2043.09	3749.76
Nett Cost		\$7456.38

By dividing this amount by 3364 weeks, the cost per head per week for the Insane appears to be \$2.21. But this is not strictly accurate as a per capita statement as the Council seems to have recognized at their last Jany. Term. We merely introduce it for the purpose of comparison with former years.

We also find that the total cost of food for the past year, including the produce of the farm as well as soap and drugs, amounted to \$5037.38, or about \$1.12 per head weekly.

In a note appended in the Minutes of Council to our Report for 1890, it was stated that the per capita cost of all patients in 1890 was \$1.83 (or more accurately \$1.84) per week against \$2.02 in 1891. In explanation of this increase it must be noted that there were some abnormal expenditures last year, such as repairs and painting of the buildings, and the purchase of a new wagon, which, however, we are not justified in classing as permanent additions. There has also been an increase in the charge of interest, partly because of our increased debt and partly because the County money was held back till very late in the year. These two items account for \$593.69 which, when deducted, reduce the cost per head to slightly under \$1.89.

The Fire Escapes referred to in former Reports, were erected last year, and in addition to their security to life in the event of a fire, they serve as airing places for patients in suitable weather.

A root house has also been constructed, and the Asylum has been painted outside,

The keeper estimates the crop raised on the farm in 1891 as follows: Hay, 17 tons; green straw, 12 tons; potatoes, 200 bushels; beets, 50 bushels; cabbage, 127 heads; beans, 10 bushels; peas, 1 ½ bushels; mangles, 600 bushels, turnips, 30 bushels.

H.R. Munro, Esq., M.D., has been re-appointed as medical Officer for 1892.

The contracts for supplies for the year have been awarded to the lowest bidders as follows:-

D.A. McLeod.....Meat  
Duncan Ross..... Bread  
John Power ..... Groceries

The Commissioners submit the following estimates for 1892

For ordinary expenditure	\$8500.00
“ Interest.....	850.00
Total .....	9250.00

From which deduct receipts from Poor, &c.....1600.00

Nett amount required..... \$7750.00

The following papers accompany this report viz:-

- A. Expenditure for the year classified
- B. Package containing Vouchers for all moneys paid
- C. Balance Sheet
- D. Accounts due the Asylum

- E. List on Inmates, deaths, admissions, &c.
- F. Inventory of supplies, &c. on hand
- G. Copies of Tenders for Supplies for 18925.

All of which is respectfully submitted.

Where errors or omissions have been made or changes are required in the Assessment Rolls between the posting of the revised Assessment Rolls and the collection of the rates the Clerk shall be authorized to make such corrections on the order of the Assessors of the districts where the property is situate.

Of the Insane, 6 were discharged, 10 died and 14 admitted.

Of the Poor, 3 were removed, 3 died, and 5 admitted during the past year.

There are at present in the Asylum:

	Males	Females	Total
Insane	34	29	63
Poor	13	9	22
	47	38	85

The following is an abstract of the Financial Statement.

Dr.

By last year's report the balance due by the Asylum 31<sup>st</sup> Dec. 1890 was      \$12280.26

Total expenditures in 1891	11206.14
	\$23486.40

Cr.

The receipts were as follows:

For supporting the poor	\$1219.85	
For supporting insane	113.50	
Farm produce sold	127.78	
Sundries:	20.01	
From Co. Treasurer	7500.00	8981.23
Balance due by Asylum, Dec. 31, 1891	\$14505.16	

Of the above balance \$8505.16 is due the Merchant's Bank of Halifax, for which we are paying 6 percent interest, and \$6000 due private parties, interest at 5 per cent.

The following calculation is submitted; showing the cost per head per week for the past year of all patients cared for.

Total expenditure	\$11206.14	
Deduct farm produce sold	\$127.78	
Sundries	20.01	
Permanent Improvements	2043.09	\$2190.88
		9015.26
Nett Cost		

The aggregate time of all patients cared for was 4463 weeks, showing cost per head per week to be \$2.02.

The following is submitted to show the actual cost of maintaining the Asylum after deducting receipts from Poor Sections and all other sources/

Total Expenditure	\$11206.14	
Deduct Farm Produce		
Sold	127.78	
Sundries	20.01	
Receipts from Poor Secs.		
Less \$344.38		
Credit last year		
\$1219.95	\$344.38	875.57
Due by Poor Sections	569.81	
Rec'd for support of		
Insane	113.50	
Permanent Improve-		
ments	\$2043.09	3749.76
Nett Cost		\$7456.38

By dividing this amount by 3364 weeks, the cost per head per week for the Insane appears to be \$2.21. But this is not strictly accurate as a per capita statement as the

Council seems to have recognized at their last Jany. Term. We merely introduce it for the purpose of comparison with former years.

We also find that the total cost of food for the past year, including the produce of the farm as well as soap and drugs, amounted to \$5037.38, or about \$1.12 per head weekly.

In a note appended in the Minutes of Council to our Report for 1890, it was stated that the per capita cost of all patients in 1890 was \$1.83 (or more accurately \$1.84) per week against \$2.02 in 1891. In explanation of this increase it must be noted that there were some abnormal expenditures last year, such as repairs and painting of the buildings, and the purchase of a new wagon, which, however, we are not justified in classing as permanent additions. There has also been an increase in the charge of interest, partly because of our increased debt and partly because the County money was held back till very late in the year. These two items account for \$593.69 which, when deducted, reduce the cost per head to slightly under \$1.89.

The Fire Escapes referred to in former Reports, were erected last year, and in addition to their security to life in the event of a fire, they serve as airing places for patients in suitable weather.

A root house has also been constructed, and the Asylum has been painted outside,

The keeper estimates the crop raised on the farm in 1891 as follows: Hay, 17 tons; green straw, 12 tons; potatoes, 200 bushels; beets, 50 bushels; cabbage, 127 heads; beans, 10 bushels; peas, 1 ½ bushels; mangles, 600 bushels, turnips, 30 bushels.

H.R. Munro, Esq., M.D., has been re-appointed as medical Officer for 1892.

The contracts for supplies for the year have been awarded to the lowest bidders as follows:-

D.A. McLeod.....Meat  
Duncan Ross..... Bread  
John Power ..... Groceries

The Commissioners submit the following estimates for 1892

For ordinary expenditure	\$8500.00
“ Interest.....	850.00
Total .....	9250.00

From which deduct receipts from Poor, &c.....1600.00

Nett amount required..... \$7750.00

The following papers accompany this report viz:-

- I. Package containing Vouchers for all moneys paid
- J. Balance Sheet
- K. Accounts due the Asylum
- L. List on Inmates, deaths, admissions, &c.

***Report of the Highway Labour Committee***  
*To the Municipal Council of Pictou County, January Term 1892.*

Your Committee on Highway Labour beg to submit for your consideration the following report.

That your Committee have carefully examined all the returns of Surveyors of Highways received, and regret that some of the recommendations made last year have not been carried out, principally the recommendation " That every Surveyor of Highways shall endorse upon his return the date of commencement and completion of Statute Labour on his road limit."

Your Committee would urge that this recommendation be acted upon, in view that the fact that in many cases Statute Labour is not performed until the fall of the year, when it is generally useless; and your Committee is of opinion that legal steps should be taken to compel Surveyors of Highways to comply with this recommendation.

The following is a list of the returns missing:-

We recommend that the above mentioned missing returns be sent to the Clerk of the Municipality on or before the April meeting of Council; failing to make such returns, that the Clerk of the Municipality be instructed to proceed against such Surveyors as the law directs.

Your Committee having considered a petition from ratepayers of Thorburn and Marsh asking that the Marsh Road limits No. 379 be included in Thorburn road limit 381.

We recommend that the prayer of this petition be granted.

Your Committee have also considered petition of ratepayers of Section 16, requesting that a road limit be established from the main road at John McLellan's to the Blanchard road at Duncan Fraser's and be known as road limit 411 ½. Recommended.

“Whereas at the meeting of Council in January Term 1891, this Municipality voted a bonus of \$8000 to the Stewiacke Valley and Lansdowne Railway Company;

And whereas a misunderstanding appears to exist as to the conditions under which the said bonus may become payable:
