## New to the community?

The public library is here to help.

**Asking questions** - Our friendly staff will help you find the information you need.

We can provide you with information about the area, point you in the right direction, suggest some ways to become involved, and connect you with others. All you have to do is ask!

The public library also provides helpful information for newcomers to Canada and Nova Scotia. Go to [www.parl.ns.ca](http://www.parl.ns.ca) and look for the Newcomer Welcome Centre.

# With your free library card, you and your family can:

**Come to a program.** The library offers many programs for children and adults including storytimes, movies, music performances, information programs on many subjects, arts and crafts and more!

**Use computers.** Every library has computers that you can use to search the Internet, send e-mail, play games and type documents. You can also bring your own computer and use our free Wi-Fi service.

**Borrow books, magazines, movies and audio books.** We have books in your language and books to help you learn English. We also have comfortable spaces for you to study, read or just meet friends and relax.
